Total power allocation	1.5 MVA

### **RAINWATER HARVESTING**

Below Ground Tanks Capacity

Maximum 18 days storage

# WHY DIDCOT?

### **GARDEN TOWN AND ENTERPRISE ZONE**

Didcot has been awarded Garden Town Status. This status has already ensured the delivery of major infrastructure projects to create a world renowned innovation and business location.

Didcot Quarter forms part of the wider Didcot Growth Accelerator. Businesses that relocate to the zone before March 2022 may be entitled to either business rates relief or enhanced capital allowances.

Housing and employment growth in the garden town will be linked with the creation of 20,000 new high-tech jobs, 15,000 new homes and 19,000 construction jobs over the next 15 years providing considerable long term opportunities in the area. It is expected that there will be road, cycle, bus and bridge upgrades as well as the improvement of the railway line between Didcot and Oxford - providing greater connectivity to the town and attracting a wider employee base. 15,000

additional homes by 2031

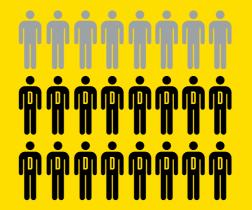

20,000

hi-tech jobs in the next 15 years

19,000

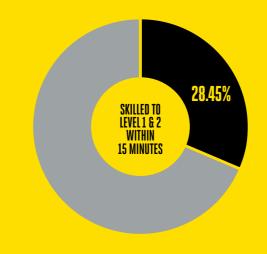

construction jobs in the next 15 years

## LABOUR POOL

The proportion of working age population is higher than the regional average indicating a large potential labour pool to draw upon. Furthermore the proportion of 25-44 year olds is higher than both the national and regional average, providing a strong future pool of younger people to replace those leaving through retirement.

LABOUR MARKET SKILLS

Almost a third [11,017, 28.45%] of people within the 15 minute catchment area are skilled to levels 1&2, and are therefore well placed for employment in the manufacturing and logistics sector.

## **ENTERPRISE ZONE BENEFITS**

Business Rates discounts available of up to £275,000 for businesses relocating to the zone before March 2022 or 100% enhanced capital allowances for plant and machinery.

### **PROFESSIONAL EMPLOYMENT POOL**

At 21.27% Didcot boasts a higher proportion of residents in 'professional' occupations than both the national and regional average. This reflects a strong pool of labour with the requisite skill sets for managerial roles and roles requiring technological knowledge. DIDCOT QUARTER

### DIDCOT QUARTER

Didcot Quarter is located only minutes from the A34 Milton Interchange, the major north/south trunk road zing the M3, M27, M4 and M40 motorways.

This strategic location provides excellent access to the major conurbations, industrial centres and the south coast ports. Didcot Parkway Station also offers efficient links to key UK destinations.
